The Miami Foundation

# Miami Open for Business

Supported by Wells Fargo

Fueled by a \$20 million grant from Wells Fargo, Miami Open for Business was a three-year program to empower historically underserved nonprofits and small businesses to build generational wealth and resilience through the purchase and ownership of critical business assets, such as property, equipment, and technology. At the program's end, 400+ small businesses and nonprofits received funding through grants and loans and over 1,000 organizations received 10,000 cumulative hours of assistance. We are incredibly grateful to Wells Fargo and the network of small business ecosystem providers who collaborated to make the program a success.
